Subject: Questions for Cummins

Greg, The attached is what was sent ot Linc. If you have additional Qs please add them so Cummins can respond.
Thanks--Tom

Tom,

How are you coming on the list of questions for Cummins? The meeting is next week (Nov. 29th) and I think we want to make sure that they have sufficient time to respond to the questions prior the meeting. Let me know if you need any help.

Thanks,
Linc
